Dr Robin Morris

After completing his PhD with Bill Fitzgerald in 1995, Robin Morris was a Junior Research Fellow at Trinity College, Cambridge, a post-doc at INRIA, Sophia-Antipolis, and a National Research Council Associate at the NASA Ames Research Center. He was subsequently a research scientist with the Universities Space Research Association and was appointed Associate Adjunct Professor in the Department of Applied Math and Statistics at the University of California, Santa Cruz, a position he still holds. He worked at Baynote, Inc, from 2012-2014, and is currently with Yahoo!, working in the Abuse Platforms group. Taking inspiration from Bill, he has worked in such diverse areas as image and video restoration, particle and astroparticle physics, remote sensing and biogeochemistry, recommendation systems and text classification.
